

ANA GEISLER BUTT

wasn't it strange doing a movie like this, having just given birth?

not really. but **frankly**, I **did find** it a bit absurd to **arrive at** an old castle in the middle of the night and **find myself among** a **bunch** of people **none of whom I'd met** before. **that is**, except jarda. **straight away**, I just took off all my clothes and started running around naked **as I'd been instructed to**.

do you do or feel things differently after giving birth?

I'd given birth like two months before so **this felt** kind of **weird**. but **at the same time** I felt **at ease** and **peaceful**. I mean, I **didn't mind getting undressed** in front of all these **strangers, which** is something that I **never would have done** before. **as long as** my son was **around**, I felt **as if** I'd just **popped in** there to **shake hands** before I go back to him. **in fact, that's how** I feel all the time **these days**.

what about the orgy, was it exciting to be in it?

not at all, to be quite honest. but **what I found** really interesting was that all the other actors doing the orgies were pros. they were a lot of **fun**, actually. they **would** play with bruno and talk to me about things they liked to do, **outside** their work **obviously**. **it was the guys who wouldn't stop asking them questions.** they were so **eager to hear** some work stories from those girls.

all things considered, did you have a good time?

I **had a great time** shooting the scenes. **although obviously** I **was appalled to discover** that I **was expected to show off** my **bare butt**. that **has always been** my nightmare. I've always been **terrified of having to** do this. I **actually** wrote a story about this **particular** fear. but then I **figured** I was doing this for svankmajer and **as long as** he **was in charge**, I **was in**.

you appear naked in every movie you're in, how was this different?

this was **different**. **there's a thin line between** rolling around in bed naked, which **comes naturally**, and **actually** going out and **sticking out** your butt, your **very own underrated** butt **for other people to see and judge**.
