

asleep in class / english

**I can't believe** you **actually fell** asleep.

What? **Did I notice right away?**

No, **not until** you started snoring.

**Still,** I **wonder** what **made you want** to sleep.

**Do I sound too** boring **for you to** stay awake?

What **do I have to do** to **keep you interested?**

Look, I don't **want this to happen** ever again.

I **don't** think it was my **fault anyway.**

You **could have excused** yourself and left.

**Do you have** any idea how much **I'm being paid** here?

**I've been teaching** here for ten years without a break.

But **I've never seen a student fall** asleep **in class.**
