Hi Guy, What is it with women these days? Pal, let me enlighten you: if you don't do **absolutely everything right**, you're _____. That's what's with women these days.

When Audrey asked you if you were seeing someone, I wonder what you answered. What you **should have said** was "I'm _____ three girls right now. It gets a little _____, as you might imagine." And then smiled like Jack Nicholson. But I have a feeling, Guy, that you didn't. I have the feeling that you said "No one at all! I'm available, especially for you!" You were about as much of a _____ as the French during World War II.

I don't doubt for a second that you and Audrey had a lot in common. But did you ever think she _____ have had a lot in common with this new guy too? Maybe **all she's looking for** is the fact that you're all males. And you had something in common with Mister Unknown, too. You got 30 minutes, and he got 30 minutes. To _____ it off, when she set eyes on Mister Unknown, Audrey completely ignored you. Sounds like a real _____ lady.

When you say you were trying to be funny, buddy, I need you to give me some _____. You guys have a tendency to give me _____ generalities that really don't tell me much. Remember, you have to **report exactly what happened** in order for me to home in on what your problem is (_____ from the fact that you're trying to _____ over someone who looks like a double for Scarlett Johansson). But I'll take your _____ that you were just kidding with Audrey.
