

In the morning, her boss rang and told her that she **could take the day off**.

---

**At about** 1pm, the phone rang, and my wife **answered** it. It was George, **ringing** from the private line that he **has had installed** in his bedroom.

---

She **explained** that she **had been given the day off**, and asked George why he **was ringing**.

---

I was just ringing **to make sure** that the little boys **were** all right.
