

Why does mom always clean her room?

Do a lot of people do this?

Why am I explaining this to you?

What do you call your mother?

Does everyone clean their room every day?

What does it mean when you say Do it now?

What's a vacuum cleaner?

Who knows how to use a vacuum cleaner?

Don't ask me why I cleaned it.

Were those animals dangerous?

Do I know you? Do you know who I am?

Clean your room or you're grounded.

Don't talk to your brother while you're cleaning.

Let's tell our mom we've cleaned it.

But **let's not let** her see the room.

I don't care what you **say**.

Tell me what you think.

Have you **spoken** with my boss yet?

You want me to stop **talking**?

What do you **call** this thing?

Why don't we **discuss** this right now?

I've been **looking for** the key all day but I haven't **found** it yet.
