

## american beauty (1-2) guess who's fighting at dinner

**LESTER:** I don't need to be supported, \_\_\_\_\_ of all by you. I already have another job. So \_\_\_\_\_ if it pays a little less? We can still make \_\_\_\_\_ meet.

**CAROLYN:** Have you \_\_\_\_\_ any thought to who's going to pay the mortgage? No, we'll leave that up to Carolyn, won't we?

**LESTER:** Oh, I'm sick of being \_\_\_\_\_ like I can't look after myself. You both do whatever you want to do, whenever you want to do it and you never hear me complain.

**CAROLYN:** That's because you have nothing to complain about. You live your life the way you want to. No one made you take a job that you knew you were going to hate. No one made you quit, \_\_\_\_\_ .

**LESTER:** Look, \_\_\_\_\_ I want is the same freedom! Don't interrupt me, honey. I'm not \_\_\_\_\_ talking yet.

**CAROLYN:** Don't tell me not to interrupt you. I hate \_\_\_\_\_ told not to do things. Especially by you. That's \_\_\_\_\_ I get really mad, you know.

**LESTER:** Whatever. And one more thing. From now \_\_\_\_\_ , we're going to take \_\_\_\_\_ choosing our dinner music. Because frankly, and I don't think I'm alone here, I'm really tired of this elevator music \_\_\_\_\_ that I've had to listen to the past few years...
