

ANDY, THE **D.B.I.** (1) ..CONT'D

4 What happened next? We know that your relationship didn't hold up. Why was that?

After a while, our relationship **turned into** our job. **Unlike** the job, the relationship didn't **last**. **Camilla and I** soon found that **apart from** this experience that we shared we didn't really **have that much in common**. It **turned out** that **each** of us had completely **different** plans for the future. So we **agreed to break up**. But Posh and Becks **didn't**, so we **carried on, which** actually was not **as hard as** you might think, because we **remained** really good friends. There were **no hard feelings** between us, and I'm **proud to say** that we were both very professional **about** it.

5 Were there any downsides to playing these roles? I mean, did any part of you suffer as a consequence of having to look exactly like the Beckhams?

Well, Camilla's hair **has not done well out of** the **whole** experience. I mean, Victoria **can afford to go for** a **brand new** look **to match each** clean pair of underwear, but she **clearly** doesn't think enough about the poor people who **make a living out of copying each fake nail of hers**. Camilla's hair **has been** up, been down, been long and been short, curly, flat, big, bad, and if there's one thing she **regrets about** her Posh career, I think it's the effect **it's had** on her hair.
