

beggar's banquet /1/ original

let me tell you the story of my life
if you don't mind, **that is**
I don't really **expect you to enjoy it**
but **there are things that need to be said**
no matter if you're happy to hear them or not
anyway, I used to be a rich man once
which may surprise you
does it?

in fact, I could have lived a trouble-free life
if I hadn't decided one day
to throw everything I had away
by running away from home
I had always dreamed of going places
and when I turned 18

I simply couldn't **resist the urge anymore**
not that my parents were too hard on me or anything
they too had inherited their money
but unlike me they were good at keeping it
I had no use for money
they say money can't buy you happiness
and they're right, if you ask me
