

## caps lock /2/ an eye for a tooth

Now, I may be a little overweight, but you can be certain Rick is no Cary Grant \_\_\_\_\_, and I've never worn anything that made fun of him. Okay, I admit to \_\_\_\_\_ an "Old Fart's Wife" sweatshirt, but I haven't worn it in the longest time.

So it \_\_\_\_\_ without saying I gave Rick a piece of my \_\_\_\_\_ that evening. At first, he tried to ignore me by watching his sports bloopers tape, but he sure sat up and \_\_\_\_\_ notice when I \_\_\_\_\_ to leave him if he didn't trash those caps.

But instead of seeing the error of his \_\_\_\_\_, he started whining about how he was always getting ridiculed in my column and how his buddies were now \_\_\_\_\_ to him as "Hubby Rick." So wearing the caps was his only way to \_\_\_\_\_ back at me. Okay, I could see his \_\_\_\_\_.

So, in the interest of keeping our marriage \_\_\_\_\_, I, Jean Teasdale, hereby swear on a stack of Bibles to \_\_\_\_\_ off hubby Rick. I also promise to give Rick an opportunity to rebut in print any claims I make \_\_\_\_\_ he feels are incorrect. In \_\_\_\_\_, Rick agrees to destroy any baseball caps I \_\_\_\_\_ offensive.
