**Carrie:** So about that party of yours, I'm afraid I won't be able to \_\_\_\_\_ it. See, I'll be doing the charity event that night.

**Miranda:** Wait, they want you to be a model? You'll actually walk \_\_\_\_\_ the runway? What a great opportunity. You must be \_\_\_\_\_ .

**Carrie:** Actually, if there was a way of \_\_\_\_\_ out of doing it, I would. I'm kind of worried about looking stupid. What if no one likes me? With all those skinny gorgeous models, I'll probably feel out of place there.

**Miranda:** What do you mean, out of place? You're gonna fit in perfectly. There's nothing about you that will \_\_\_\_\_ you away.

**Carrie:** Come on, I couldn't possibly \_\_\_\_\_ away with that. Everyone will be pointing at me, wondering who's that ugly duckling and how it got here. You know how insecure I am about these things. I'll probably be \_\_\_\_\_ with fear, too.

**Miranda:** You're such a chicken. The way you look and dress, you'll totally \_\_\_\_\_ in, no one will be able to \_\_\_\_\_ if you're a model or not. Carrie, you have to do it, fashion is what you live for.

**Carrie:** Come on, I do not live for fashion. Have I ever said that? What, do I act like I'm \_\_\_\_\_ with fashion?

**Miranda:** Let's see, how many fashion shows did you \_\_\_\_\_ me to during fashion week?

**Carrie:** Eight, what's your point?

**Miranda:** Why are you \_\_\_\_\_ down the chance to actually be in one?

**Carrie:** I don't \_\_\_\_\_ on a runway. I'm a writer. That's what I am and that's who I want to be. I'd get \_\_\_\_\_ off the runway.
