

let's **go over** this again

I turn the pages and you **point to** things you **like best**
I'd mastered mail order **by the time** I was **his age**
that's how we got the good china
so far he has picked out a bathmat and a wrench
make sure he doesn't wear them together
newly elected chairman of the PSWC

I was **singled out** for this **honor**
handpicked by my **peers**
we are so **excited for** you
what does the job **involve?**

I'm **in charge of** the entire **event**
computer print-out

I'm **in complete control of** their lives
that sure is frightening
we finally **get a chance to** meet your father
actually, I don't think he'll be able to **make it**
that's a shame

well, it's **partially** my fault

you're legally obligated to invite him

**there wouldn't have been any
point in calling him**

he wouldn't have come anyway

I'm just **saving** us both the **trouble**

let us know if we can help you **in any way**

I can't say I'm happy **about** this, your **dad's not coming**

it's not **his kind of thing**

even when mom was alive

she'd always come **by herself**

how can you know **unless** you call him

you can **use our phone**

give him a call, will you?

that's it, I'm not calling him

I'm worried **about you being** alone

everybody else is gonna **be having fun**

it's **not a major worry** of my life
