

# THE LADY WRITES ABOUT THE HOLIDAY

Now \_\_\_\_\_ the holiday - it really \_\_\_\_\_ have been the first thing in this letter. Very disappointing that the agency \_\_\_\_\_ give you the course - most unfortunate that you were given the wrong advice on filling in the form. \_\_\_\_\_ toads. Anyway, all the \_\_\_\_\_ free time for you, without sitting in a classroom doing tedious lessons.

As for timing, Paul and I have decided on our holiday, going on a houseboat in France with friends from Canada. It isn't \_\_\_\_\_ arranged yet but I hope it will be in the next day or two - our friends \_\_\_\_\_ their work contracts in the UK finishing at the end of June and are going back to Canada immediately after the holiday, so the date is \_\_\_\_\_ much fixed, \_\_\_\_\_ the place isn't.

I know you often get a bit \_\_\_\_\_ at home in August when it's so hot in Cz, so you \_\_\_\_\_ like to come here then? For me, any time would be fine as \_\_\_\_\_ as we have got rid of the students and it isn't the first week of July. Let me know what you think and we can \_\_\_\_\_ out a Plan.
