

BILL MAHER

/2/ Q'N'A 1-2

Where he watches TV: As much as I like the idea I can't have TiVo because **you have to** watch it in one room. **I'll** watch a video **all over** the house. I'll **take in** 20 minutes in my office while **I'm unpacking** my briefcase. Then I watch **some more** in my gym while I **am working out**. And finish it in bed.

Toughest thing about political humor: The **audience** for it is always **limited**; about half the country **doesn't give a damn**. **Luckily** it's a big country.

Obsession: I am a real **saver**. I have 18 **high-quality** fireproof filing cabinets. I guess I must have some fear that I won't be able to remember everything **when I am** old. So for **each** year I **keep** little **mementos** of every little thing that happened. Some guys like cars. I like files.

Favorite conservative: John McCain, **although** he doesn't like me. **I've tried** to get him on my show **for years**, and he'll do **almost** any show, but he **hasn't done mine**, **which is why** I think he doesn't like me.

Best recent gift: An industrial juicer **like they have** in restaurants. It **does the job** so quickly.
