

what **the hell** is **going on** here?
is the **whole** parking lot **being redone**?
but where **am I supposed to** park?
and **how come there's** no one **to ask about** this?
I'm **having a hard time finding** a parking spot
it **used to be** easy to park here, but **not anymore**
we **expect you to do** something **about** this
look, if you really **want me to help** you...
you'd better stop being so **mean** to me
since you **don't seem to** understand
let me explain this to **you** in **different** words
none of you **will be allowed to** park here
until you apologize **for yelling at** me
