

SCHOOL'S IN / ENGLISH (CONT'D)

if I take on more **assignments**, will I get **at least** one A on my **report card**?

there was a time when parents did not **enroll** their children in **after-school** activities

my daughter **is doing very well** in school

in fact she's a **straight-A student**

I can't **stay focused** and my **grades** have been **slipping** in a lot of **subjects**

the **entrance exams** are **supposed to be** pretty **tough** here

kids, remember to **do your homework**

we have a lot of catching up to do

if you don't **get accepted to** this school, you won't **get into** any other, **either**

we all **graduated from** fine colleges but **none of us** has a job now

while the ones who **dropped out** are rich, as we learned at the **reunion**
