

storyville /4/ lilith's plans

BEBE'S PLANS I talked to my friends in business affairs and they say they're ready to close our deal **except** your agent Lilith's **holding it up**. I also heard a **rumor** that KCRW isn't **happy with** their **regular** hosts and I think she's **angling for** you to **take over**. So, **where does that leave me?** I'm worried you'll drop me and find another assistant. — Well, **even if** that was Lilith's plan, you're forgetting that it's still my career and I'm **calling the shots, there is no way** I would continue doing shows on KCRW. — **Yeah, well**, you look like you are **having the time of your life**.

BLACKOUT FALL-OUT The **blackout** hit **just as** the elevator doors opened on the fourteenth floor. So I stood in the hallway **trying** to decide **whether** to come back in here with you guys or **take my chances** on the dark streets with the **muggers** and the **weirdoes**. So I went down a couple of flights and then I **changed my mind**. **Meanwhile** someone's probably **looting** my apartment!

NO TIME FOR PEOPLE I don't understand this, Lister. You're **slobby**, you've got no **sense of discipline**, but people like you. **Now** me, all the **ingredients** are right. I'm **disciplined**, I'm **organised**, I'm **dedicated to** my career, I've always got a pen. Result? Total **asshole despised by** everyone except the ship's parrot. And that's only because we haven't got **one**. **Why is that?** — I suppose it's because you **actually** are a total asshole. See, **the trouble is** you've never got time for people. You're **too busy trying** to be successful. — I have got time for people. **What about** all the time I spent **sucking up to** the captain **even though** he was a total **moron?** I **went out of my way** to **get him to like** me.
