

UH revisited (1-1) same old crowd

Hi! I'm sitting here at Michael's and I've been here for almost a week now. _____ in UH are exactly the way they were when I left -- the same people wandering around, the same _____ and bartenders, _____ names I still remember for the most _____, the same _____ hanging out at Mir, etc. Sometimes it feels _____ I wasn't gone at all. I'm pretty sure than when I come back ten or twenty years from now, everyone will still be sitting in exactly the same _____, only with more gray hair and a much bigger beerbelly.

Let me tell you about some of the differences _____. Adam has moved to Prague now, _____ he's been staying in UH this week since I've been here. He's dating a girl I've talked to once or twice, playing with a band in Prague that he started up himself and translating with some company there. I figured he must have _____ sick of UH and its small town _____ and I asked him if that was the case. In fact, it _____ out he is only staying in Prague until he _____ enough money to buy an apartment in UH and then he'll move back.
