

a dinner to kill for ... bee's knees english

excuse me, **do you mind** if I **ask you a question?**

is there a problem? I **hope not**

I'm afraid there is, and not **a small one**

let me guess, you **haven't been served** yet

you're really **good at guessing,** aren't you?

well, I **can tell** you're **being** funny, sir

do you have any idea how long **we've been waiting?**

I'm sorry **about** that, **I really am**

it's not your fault, it's **someone else's**

is there anything I can do to **make it up to** you?

well, **I wonder** if you'd **let me beat up** the waitress

it **depends on** which **one** you'd like to beat up

either of the two, I really **don't care**

pick **the younger one,** she's **no good anyway**
